STICK & RUDDER MEETING MINUTES

CERTIFICATES /AWARDS 2026 Club Officers Toys for Tots Fly-in

100 MISSIONS 2025

Stick and Rudder

By IRCC President Kevin Pazda

Model of the Year! – You may still have a few days to get in and vote for the model of the year. There is some real competition, and here is an opportunity to vote on this prestigious award.

Toys-for-Tots fly-in Family Day! - It was great to see everyone out participating and helping with a worthwhile cause. The Toys were collected that afternoon, and everything worked out well.

Annual renewal time – We are now collecting dues for 2026. If you wish to get your renewal to any of the club officers at the field, please make sure your information accompanies your payment. You may also mail a check to the treasurer. Lastly, we have a new payment system on the website that you may use for electronic payments. The new system is no longer the PayPal system that we have used over the years, but the reminder to please add the 3% if paying through that route still applies. I shall be updating the gate code after the club meeting in January, so do not miss out.

Florida eJet Fest! – It's just around the corner, February 5-8, 2026. Jerry will be looking for help in all the usual areas. Many hands make for light work, so if you can find time for set-up, registration, concessions, raffle-related activities, and cleanup – along with participating, I encourage all to come on out and enjoy the event and help it along.

SAE event at Paradise field – This event comes around every other year or so. It provides an opportunity for the club to participate in a world-class educational event by providing knowledgeable service to the event. Our role is generally to help with the inspection activities on the aircraft that are designed and constructed by teams from all over the world. The proficiency of the teams varies greatly, and we are there to lend our knowledge in the inspection phase, as a safety step. Our function is not to

Stick and Rudder Continued

solve problems or offer advice, guidance, or coaching, but rather to identify deficiencies, deviations from the supplied plans, and unsafe conditions on the aircraft. This is a learning experience for all participants and ourselves as well.

Upcoming IRCC events

- **Florida eJet Fest International! February 5-8, 2026**
- **SAE event March 6-8 Paradise field**
- **Frank Tiano Scale event May 7-10**

I hope you get out to the field, get in a couple of flights, look out for your neighbor, and enjoy the little things.

Sincerely,

Kevin Pazda

Imperial R/C Club President 2025

We are hobbyists who dream, design, build, and fly model aircraft of all sizes for fun and competition. We do this because we enjoy the company of fellow enthusiasts, we love flight, and we want to see participation in our hobby grow.

Stick and Rudder Continued

Continuous Information Update:

The 100 RC Missions Over Florida is alive and well for the 7th consecutive year! The 100 Missions flight log is posted in the case at the center of the main pavilion. Remember, this is a “Health Barometer”; if you’re feeling sick or curmudgeonly, come to the field, log some flights and you’re guaranteed to feel better! Even if you get your “100”, please keep logging your sorties throughout the year as it is interesting to see the number of sorties that get logged by our members.

If you notice anything broken or destroyed at the IRCC facility, please let Bill Pawl know about it and set the item aside, out of the way so that we may dispose of it properly.

If you’re interested in joining the grass-cutting crew and you can spare some time to join the crew, it would certainly be appreciated to give those who are currently on the crew some welcomed relief, as it takes a few hours to cut the field so that all of our members can fly safely on our well-manicured field and runways! Bill Pawl will coordinate any training needed to operate the equipment. Please contact Bill Pawl via email at proppusher64@yahoo.com to join the crew!

As a reminder, please do not fly over our northern boundary, which is the Se7en Wetlands and a bird sanctuary just north of our field. If you see someone flying over the wetlands, say something to that pilot! The IRCC membership has been doing a great job not flying over this boundary since it was made aware to us in February 2020!

No guest should be flying unless they are invited by an IRCC member, the member is present when their guest arrives, and the guest has a valid AMA membership. If you’re unsure, ask the person in question to see their AMA and who their IRCC sponsor is. As a member of the IRCC you have that right.

Get out to the field, introduce yourself to someone you don’t know, and make a new friend, when landing keep your wings level with the horizon and main gears first as gently as you can!

See you at the field!

Kevin Pazda
Imperial R/C Club President 2025

IRCC Meeting Minutes

December 6, 2025

Total Adult members 100 / Needed for Quorum (20% w/2 Officers) 20

29 Members Present

The Pledge of Allegiance. Said at 10:00

- Visitors or new members. Families and guests present

Central Florida RC Flying Clubs

The New S.A.D. Patch Rules!

- 1. Only self-nominations are allowed for consideration.**
 - i.e., All nominations must come from the pilot who crashed.
- 2. Only crashes that happened between the previous club meeting and the current club meeting will be considered for nomination.**
- 3. The membership will vote on the best crash story to be considered for the SAD Patch Award that month.**
- 4. Pictures of the crash are encouraged from the general membership, regardless of who crashed.**
- 5. A story about the crash will be published. The story must contain at least 10% truth 😊**
- 6. If you cannot see the humor in this, you shouldn't participate.**
- 7. Keith Genske is POC and the Keeper of the SAD Patches.**

IRCC FIRE ANT CONTROL

If you see a mound, kill the mound!

The IRCC Fire Ants are in full bloom. If you see a mound, kill the mound! **It is up to every member to help control these fire ants. Do not wait for the next guy to take care of it. If you see it, you are responsible for it.** Go to the West end of the main shelter, open the fire ant killer bucket, scoop out one cup, sprinkle the contents in the cup on to the target mound and return the cup to the container, then seal the lid.
